

SINEGA SELVAKUMAR

Salesforce Administrator | Salesforce Certified Platform Administrator & Agentforce Specialist

Coimbatore, Tamil Nadu | +91 76039 23049 | sinegas1652@gmail.com | linkedin.com/in/sinegaselvakumar | sinega.vercel.app

PROFESSIONAL SUMMARY

Salesforce Certified Platform Administrator and Agentforce Specialist with hands-on experience designing and configuring Service Cloud solutions in a Salesforce Developer Org. Built WarrantyIQ, an end-to-end warranty and service resolution hub covering data modeling, Flow automation, entitlements and SLAs, approvals, role-based security, and reporting. Strong foundation in cloud (AWS, Azure), SQL, and data analysis. Seeking a Salesforce Administrator role or internship to turn business requirements into scalable, secure, no-code solutions.

CERTIFICATIONS

- **Salesforce Certified Platform Administrator** — Salesforce
- **Salesforce Certified Agentforce Specialist** — Salesforce
- **Microsoft Azure AI Fundamentals** — Microsoft
- **Google Data Analytics** — Coursera | Programming in Java — NPTEL (97%)

SALESFORCE & TECHNICAL SKILLS

Salesforce Administration: Custom Objects, Lookup & Master-Detail Relationships, Record Types, Page Layouts, Validation Rules, Formula Fields, Approval Processes, Queues & Assignment, Email Alerts, Tasks, Duplicate Management

Automation: Flow Builder (Record-Triggered Flow, Screen Flow), Case Routing & Escalation, Entitlements & SLA Milestones

Security & Data Access: Profiles, Permission Sets, Role Hierarchy, Org-Wide Defaults, Sharing Rules, Field-Level Security

Reporting & Clouds: Reports, Dashboards, Service Cloud, Sales Cloud (Foundational), Agentforce, Salesforce Developer Org

Cloud, Data & Tools: AWS (EC2, S3, DynamoDB), Azure, SQL, Python, Excel, PySpark, Git/GitHub, HTML5, CSS3, JavaScript

SALESFORCE PROJECT

WarrantyIQ — Intelligent Warranty & Service Resolution Hub | Service Cloud, Flow, SLAs 2026 – Present

- Designed an asset-centric data model (Account → Asset → Case → Warranty Claim) with custom objects (Warranty Claim, Repair Order, Parts Request), Lookup and Master-Detail relationships, and record types for Product Support, Warranty Claim, and General Inquiry.
- Implemented Entitlements and SLA Milestones for response and resolution targets; built formula fields for warranty days remaining and a Warranty Risk + SLA Priority score to prioritize urgent cases.
- Automated claim intake, case routing, and escalation using Flow Builder (record-triggered and Screen Flow), queues, assignment logic, email alerts, and follow-up tasks for technician coordination.
- Enforced data quality and governance with validation rules to block invalid warranty claims, approval processes for high-value claims, and duplicate management for customer and asset records.
- Secured data by persona (Agent, Manager, Admin) using profiles, permission sets, role hierarchy, sharing rules, and field-level security to protect claim and financial information.
- Built operational reports and management dashboards, tested multiple business scenarios, and documented the full solution in GitHub.

INTERNSHIP EXPERIENCE

Codec Technologies — Cloud Intern May 2026 – Jun 2026

- Worked with AWS and Azure services to build and deploy secure, scalable cloud solutions.
- Gained hands-on experience in cloud infrastructure, storage, networking, and serverless technologies.

IBM Edunet — AI Intern May 2026 – Jun 2026

- Built AI web applications with Python and Streamlit, focusing on interactive UI design.
- Integrated ML pipelines with Streamlit dashboards to deliver real-time insights.

OTHER PROJECTS

- **NeuroAdvisor AI | Deep Learning** — Developed an AI-powered diagnostic tool for automated brain MRI analysis using deep learning image segmentation (Jan 2026).
- **Smart Home Automation | YOLOv8, OpenCV, Python** — Built a real-time home security system with human detection, automated intrusion alerts, and evidence archiving (Dec 2024).

EDUCATION

SNS College of Technology, Coimbatore — B.E. Computer Science and Engineering | CGPA: 8.8 / 10 Sep 2023 – Apr 2027

Bharani Vidhyalaya Senior Secondary School, Karur — HSC 86.2% | SSLC 91% 2020 – 2023

LEADERSHIP & ACHIEVEMENTS

- **Leadership:** Professional Service Director, Rotaract Club of Coimbatore Sparks (Aug 2025 – May 2026); Google Student Ambassador (Sep 2025 – Dec 2025); Executive Member, Regex Club & Xenix Association (Aug 2024 – Oct 2025).
- **Achievements:** Top Innovator, AI for Bharath 2025; All Round Performer Nominee 2024–25, SNS College of Technology; Rajyapuraskar and Rashtrapathi Participant Awardee, Bharat Scouts & Guides.
